

Feadship *Project 824* emerges from the facility at Kaag

Kaag, 9 May 2025 – Feadship reveals *Project 824*, a 100-metre pure custom creation that advances the boundaries of technical refinement and architectural expression.

Designed by Jamsen, *Project 824* features a diesel electric propulsion system with ABB pod drives for efficient, low vibration performance.

As the second largest yacht built at the Kaag facility, following the 101.50-metre *Symphony* launched in 2015, *Project 824* stands out through a combination of scale, innovation and detail.

Project 824	Steel hull and aluminium superstructure	
Length overall:	100.00 m	328'1"
Beam overall:	13.60 m	44'7"
Draught (loaded):	4.10m	13'5"
Naval Architect:	Feadship De Voogt Naval Architects	
Exterior design:	Jamsen	
Interior design:	Liaigre
