

Feadship Resale completes the sale of *Graycliffs*

Hoofddorp, 7 August 2026 – Feadship Resale has successfully completed the sale of the 33.50-metre *Graycliffs* (ex-*Moon Sand Too*) to an American owner. The yacht was offered through a Joint Central Listing by Feadship Resale and Edmiston, with buyer and seller brought together by Hannah Wolstenholme, who represented the buyer throughout the transaction.

The transaction reflects the long-term relationships that define Feadship ownership. Earlier this year, the owner acquired another Feadship through Feadship Resale. With the sale of *Graycliffs*, the transition from one Feadship to the next is now complete.

"Buying or selling a Feadship is rarely a standalone transaction," says Arjen van Elk, Feadship Resale. "It is often part of a much longer relationship. Owners value working with people who already know their yachts, understand the market and appreciate what makes every Feadship unique. Seeing owners return to Feadship Resale as their needs evolve is something we're incredibly proud of, and we're grateful for the confidence they continue to place in our team."

Graycliffs is the third Feadship sold through Feadship Resale in 2026, following the successful sales of *Somnium* and *Samadhi*. The continued activity reflects sustained demand for pre-owned Feadships and reinforces Feadship Resale's position as the specialist dedicated exclusively to the brokerage of Feadships.

Feadship Resale will continue this momentum at the Monaco Yacht Show, where the team will present a selection of Feadships currently available for sale and welcome owners and prospective buyers seeking expert guidance on buying or selling a Feadship.
